

eurolux

Eurolux offers consumers a comprehensive range of energy-efficient lamps and stylish fittings. Most traditional household light bulbs can be replaced with energy efficient Eurolux alternatives, from LEDs to CFLs, cool-white to warm-white, dimmable and non-dimmable, all of which are available in a variety of bases, shapes, sizes and wattages. The Eurolux website, catalogues, lifestyle showrooms and marketing materials are all focused on educating customers regarding energy efficiency and the most efficient use of lighting, thereby enabling them to make informed decisions that will help save time, money and the environment. A visit to www.eurolux.co.za will also allow you to calculate your financial and environmental savings, in so doing beginning your journey to energy efficiency.
