

# style spy

Marcia Margolius has been on the hunt for the latest stylish products

## LORENZO NASSIMBENI

Lorenzo Nassimbeni has released a new, polished portfolio of fabric and wallcovering designs and fine artwork entitled 'Dear Sir', inspired by iconic South African buildings designed by Sir Herbert Baker. [www.lorenzonassimbeni.com](http://www.lorenzonassimbeni.com)

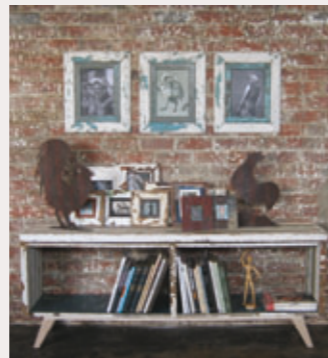

## LAETITIA VILJOEN

Laetitia Viljoen, a paint techniques artist, has just launched a superbly instructive DVD which shows you exactly what you need for a chosen technique and how to implement it. [www.laetitiaviljoen.co.za](http://www.laetitiaviljoen.co.za)

## HEAD ON DESIGN

Beginning with a plain white, kudu, wall-mounted head made from recycled cardboard, a range of sculptures has been created & is now painted in a graphic style which is typically embracing of current African trends. [www.headondesign.co.za](http://www.headondesign.co.za)

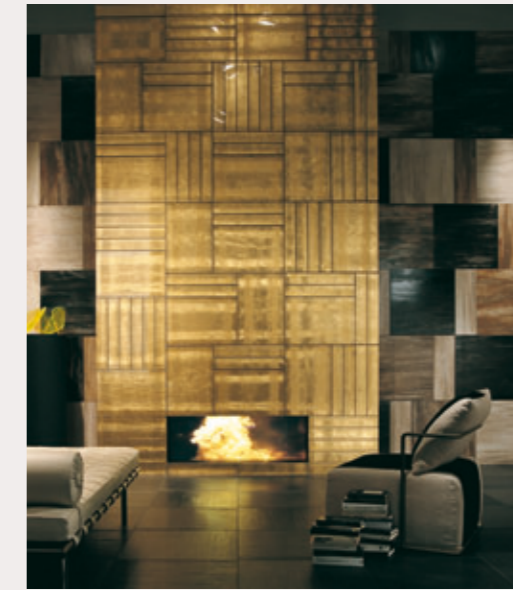

## LUNA DESIGN

Adorn your walls with rustic wooden frames or high quality, post modern, and décor products, all hand crafted from reclaimed timber which is collected by the homeless from in and around Cape Town [www.lunadesign.co.za](http://www.lunadesign.co.za)

## WALL COVERINGS

Damask designs are timeless and still on trend and can range from the traditional to a more Eastern and Moroccan aesthetic. Textures and designs are robust and geometrical, and can fool the eye with 3D and other visual effects. [www.wallcoverings.co.za](http://www.wallcoverings.co.za)

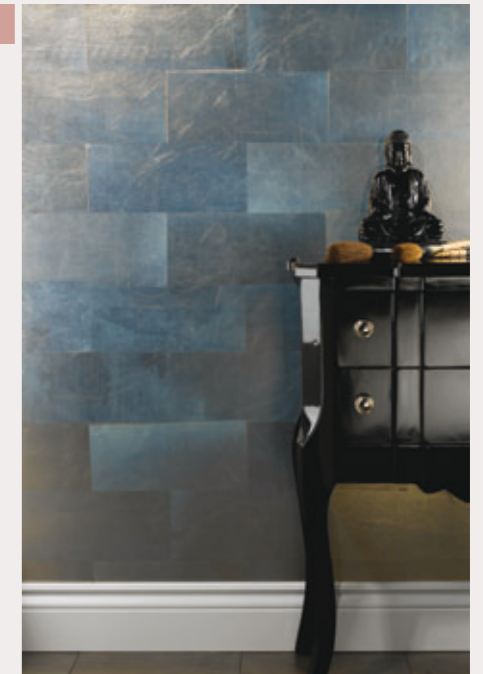

## THE TILE HOUSE

The "Neoedismo" range includes horn and gold porcelain which pays homage to the precious materials found in nature. These warm shades, undefined colours & eggshell surfaces create a luxurious and enveloping atmosphere. [www.thetilehouse.co.za](http://www.thetilehouse.co.za)

## FABCOTE

Innovative metallic leaf from Phillip Jefferies® creates a stunning statement – available only through Fabcote. [www.fabcote.co.za](http://www.fabcote.co.za)

## CAM CRAFT

CAM Craft specialises in CNC (computer numerical control) routing & computerised cutting of wood and are able to machine 3D textures onto boards that can then be used for wall cladding, counters, exhibition stands, fretted screens, décor items and for many other creative profiles. [www.camcraftsa.com](http://www.camcraftsa.com)

## MOLO MIMI

Created from recycled dressmakers off-cuts, traditional techniques of sewing have been deconstructed, with fabrics being torn, randomly positioned and meanderingly stitched. The essence of "molo mimi" is creativity, with the objective of creating employment within an environment that can uplift. [www.molomimi.com](http://www.molomimi.com)
