BLINDS MART

"ShadeWeave's" interior and exterior ranges are made of high performance polyester screening fabrics and meet the demand for decorative appeal while minimising heat and glare. Heating and cooling costs can be reduced substantially when blinds are fitted internally and even more so when they fitted externally.

AMERICAN SHUTTERS

The Siberian Larch, a naturally durable timber, is perfect for use in the manufacture of shutters. American shutters offer both interior and exterior Larchwood shutters, with either fixed or adjustable louvres. Beautiful in their natural raw state, or finished in a wide selection of standard or custom colour finishes to suit any design style.

CAPE FRINGE

All it takes to amp up a window treatment is the right trim – tassels, fringes and braids work splendidly with both locally produced and imported fabrics.

SWARTLAND

Full Pane windows are the perfect way to integrate the room and its view. Their side-hung design catches the breeze, and helps create a sense of space that perfectly complements open plan living.
